

UNTOLD JAPAN
sense the wonder

Our Story

Our story begins with a group of friends who share a love for Japan and a passion for travel. After multiple visits to Japan made them fall in love with the country's rich culture, stunning landscapes, and incredible food, they ultimately moved there permanently.

Our Japanese team recognized that there were challenges that came with traveling in Japan, such as the language barrier and the difficulty of access to exclusive places that are usually off-limits to regular tourists.

We realized that there was a need for a travel company that could provide visitors with an insider's view of Japan: one that would take them to places that are usually inaccessible or simply missed, and provide them with a deep understanding of Japan's culture and history. And so, UNTOLD JAPAN was born.
